STARTER #5

The **Starter No.5** is an advantageous midi-tower with a silent SL-500C, specially made for home- and office-applications. This product, thanks to its exclusive but timeless design, differs from other cases in its price level. Special features like the soft click buttons for power and reset makes this case something extraordinary.

Furthermore, this case has space for up to 4 fans. Thumbscrews will help you to make your work, with this case, more comfortably.
